

# Honeywell Announces Obsolescence of Selected SKUs

Honeywell is announcing a last-time buy opportunity in relation to about 133 Medical Gas part numbers from its Honeywell Healthcare portfolio. This announcement relates only to the part numbers specified below, and represents a full discontinuation of the impacted part numbers.

This notification is being provided to give you a final opportunity to order such products.

Please note:

- All orders placed pursuant to this notice will be non-cancellable.
- Prices of part numbers included in the last-time buy notice will be 50% higher than prices for these products have been previously, reflecting the increase in Honeywell’s cost to obtain raw materials from our supplier.

Engage your Honeywell representative to obtain pricing for these part numbers. For customers with special requirements, we can help you evaluate substitutes/alternatives within our portfolio.

Key dates:

- March 8<sup>th</sup>, 2024: Last day to place last-time buy orders for the below-listed parts. Orders beyond this date may not be accepted.
- April 30<sup>th</sup>, 2024: Last delivery date. All product orders must be requested for delivery on or before this date.

There may be risk of raw material non-availability for some part numbers due to supplier phase outs. Accordingly, Honeywell’s ability to fulfil such last-time buy orders may be limited and subject to cancellation, if Honeywell determines its inability to fulfil such orders. It is recommended that orders be placed promptly to improve the likelihood of fulfillment. Please refer to the Timeline of Events shown below for more details.

## AFFECTED PART NUMBERS

The affected part numbers are listed in the Appendix attached hereto.

## TIMELINE OF EVENTS

The following timeline pertains to all affected SKUs. These dates are subject to change based on availability.

Action	Description	Date
Last-Time Buy (LTB)	Deadline for Last Time Buy orders	Now to March 8, 2024
Last Ship Date for LTB Orders	All orders must be placed with requested delivery dates within this window. Orders with different delivery dates (than those mentioned herein) will need to be placed separately. Depending upon the demand and our factory’s manufacturing capacity, Honeywell may contact customers to recommend alternate delivery dates.	Now to April 30, 2024

**REGIONS AFFECTED**

- **Application Engineering:**
  - Global: Bob Ward, Application Engineer, [Robert.ward@honeywell.com](mailto:Robert.ward@honeywell.com)

**WARRANTY/REMEDY**

Subject to the following conditions, Honeywell warrants goods of its manufacture as being free of defective materials and faulty workmanship during the applicable warranty period. Honeywell's standard product warranty applies unless agreed to otherwise by Honeywell in writing; please refer to your order acknowledgement or consult your local sales office for specific warranty details. If warranted goods are returned to Honeywell during the period of coverage, Honeywell will repair or replace, at its option, without charge, those items that Honeywell, in its sole discretion, finds defective. **Notwithstanding the foregoing, in the event of a product end-of-life or obsolescence, or inability of Honeywell to manufacture or source materials or component parts for a product, for whatever reason, and/or any associated last-time buy in relation to a product (an "Obsolescence"), Honeywell shall engage in commercially reasonable efforts to repair or replace products in accordance with the terms of its standard warranty, but in no event shall it be liable if it is unable to do so due to the Obsolescence. The foregoing is buyer's sole remedy and is in lieu of all other warranties, expressed or implied, including those of merchantability and fitness for a particular purpose. In no event shall Honeywell be liable for consequential, special, or indirect damages.**
